Daily Disposable Lenses

ULTIMATE CONVENIENCE: Eliminates cleaning and the need for solutions and lens cases.

UNSURPASSED COMFORT: Fresh, clean lenses each day.

OPTIMUM EYE HEALTH: Each sterile lens is deposit free with no chance of solution sensitivities from preservatives.

PEACE OF MIND: If you lose a lens there's always one within reach.

AFFORDABILITY: It costs about 30 cents more per use than 2 week disposables.

Professional fees for the contact lens evaluation and follow-up care for one year:

Established contact lens wearer \$
or
New contact lens wearer \$

Cost of 90 pairs of Dailies ACP \$
Cost of 90 pairs of 1-Day Acuvue Moist \$
Cost of 90 pairs of 1-Day Acuvue TruEye \$

2-Week Daily Wear Disposable Lenses

CONVENIENCE: Minimum daily cleaning and no weekly enzyme cleaning.

COMFORT: Fresh lenses every two weeks usually feel like new.

COST: Less expensive than conventional lenses and are replaced for free if damaged or lost.

SAFETY: Fresh, sterile lenses reduce chances of eye infections.
